Conservation Career Expo – Wednesday, September 20th, 9:00-12:00 pm

Connecting with Maine's Future Conservation Workforce

We are excited to invite you to participate as a vendor at the upcoming **Conservation Career Expo** hosted by the Maine Association of Conservation Districts, the National Association of Conservation Districts, and the Maine TREE Foundation. The **Conservation Career Expo** is designed to promote careers, education, and training in environmental, natural resource, and conservation occupations.

This event presents a unique opportunity for undergraduate and graduate students interested in natural resource / environmental careers to connect with conservation entities, natural resource agencies, and environmental businesses and professionals to learn about career path options.

Through outreach to surrounding colleges and the education community, we anticipate a robust attendance. Please note : This is a free event for student attendees.

This **Conservation Career Expo** has received a lot of interest across the state from businesses, corporations, organizations, and agencies in the natural resource sector looking for ways to showcase career opportunities to potential employees, trainees, and interns.

The **Conservation Career Expo** concludes a multi-day meeting of the National Association of Conservation Districts Northeast Region which includes Soil and Water Conservation District staff and their boards, State and Federal agency staff, and others - representing the conservation sector from Maine to West Virginia.

Conservation Career Expo Event Details:

Date: Wednesday, September 20th, 2023

Time: 9:00 AM – 12:00 PM

Location: Portland Sable Oaks, 200 Sable Oaks Dr, South Portland

The **Conservation Career Expo** will kick off at 9:00 AM with opportunities for vendors and attendees to discuss career opportunities, specialized training, and educational needs for conservation and associated occupations.

A **Conservation Career Panel** will be held 11:00 AM to 11:30 AM followed by Q&A. Our panelists will share their experiences, expertise, and insights into the various career paths within the conservation sector.
